

Schellie-Jayne Price

Partner, Stirling and Rose

SJ is an award-winning technology lawyer and digital translator and leads the AI practice at Stirling & Rose. With a deep background in machine learning, she founded and led a multi-disciplinary technology group with over 100 innovation initiatives in 10+ countries in an international resources company. SJ has significant global experience managing the legal complexities of multi-billion-dollar critical infrastructure mega-projects. She sits on the Advisory Board of the WA Data Science Innovation Hub, Centre for Legal Innovation and the Law Council of Australia's Digital Commerce and Financial Services Committee.
