About Taylah Spirovsk

Taylah is a Litigation Lawyer at HWL Ebsworth Lawyers and 2024 President of NSW Young Lawyers.

Taylah is deeply committed to social justice and community advocacy. Taylah is the youngest board member of Women Illawarra, a not-for-profit community organisation run by women for women affected by domestic violence, and is also the Chief Executive Officer of Voices of Influence Australia, a youth-led human rights organisation.

This year, Voices of Influence Australia has received an injection of State government funding and will be piloting their inaugural Queer Youth Network Leadership Program - the project will connect, empower, and up-skill young queer people to aid them in promoting their own wellbeing, as well as identifying community challenges and designing, developing, and delivering solutions interdependently.

As President of NSW Young Lawyers, Taylah has set one of her priority touchstones as Diversity, Equity and Inclusion.

Taylah hopes to have a transformative impact on the experiences of young lawyers from diverse backgrounds, including the LGBTIQ+ community, and she hopes to amplify the voices of women in the legal profession.
