

Heather McKinnon

Partner, Bryant McKinnon Lawyers

Raised in Tamworth, Heather McKinnon has built her formidable reputation over three decades practising in Coffs Harbour. Now one of the leading Family Law authorities in the country, her focus has always remained on helping people in this community to achieve the best possible outcomes in often difficult and traumatic times. Heather's style is frank and solutions-focused. She works to understand her clients' individual circumstances and guide them through complex family transitions. Heather is not only an Accredited Specialist in Family Law, but also a Qualified Independent Children's Lawyer and an Arbitrator under the Family Law Act Regulations. She believes that Family Law is "all about balance, care and absolute fairness, especially where children are involved".

Heather's attachment to the Mid North Coast region extends well beyond her legal work. She has long played a role in community-building projects, working tirelessly with organisations such as the National Marine Science Centre, Warina Women's Refuge, the Mid North Coast Development Board and Friends of the Coffs Harbour Regional Gallery.
